

**NORTH EAST ENVIRO TECH PVT. LTD.**  
**INDUCTION PLASMA PYROLYSIS SY FOR BMW**

**ABOUT US**

North East Enviro Tech Private Ltd. (NEET) is a Company Registered under Companies Act 1956 having Registered office at Guwahati and Manufacturing base at Ahmedabad, Gujrat. With a Vision to add value to the Environment , NEET with a highly experienced management entered into the Waste Disposal Business and started Services and manufacturing in the Waste Disposal with Developing new ecofriendly Technologies , reducing costs and minimising Carbon footprints.

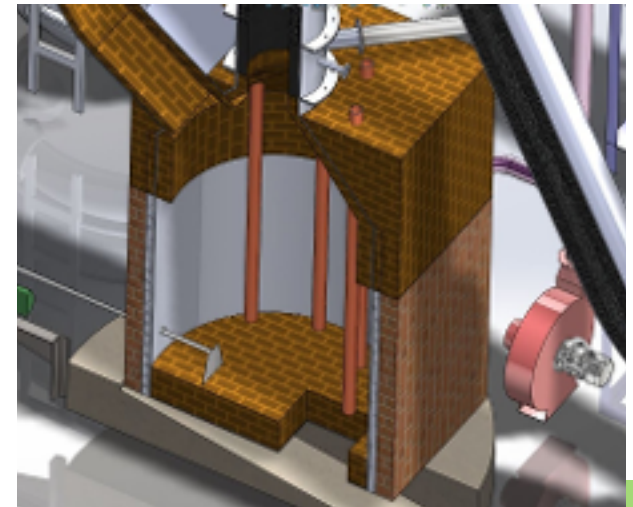

**Plasma Pyrolysis System**

Plasma Pyrolysis system is well recognised system of various types of Waste Disposal. It works on high temperature in absence of oxygen creating 4th state of matter i.e. Plasma zone.

**Induction System**

Induction system is well established technology being used in Steel Plants/foundaries. NEET has developed a new cecept to utilise Plasma and Induction together to minimise running cost and reducing carbon footprints.

**CPCB Guidelines and Limits**

All Waste disposal systems are designed to conform to CPCB Guidelines keeping levels of Dioxins and Furans under permeasible limits., other emissions of SOX and NOX are also kept as per CPCB Guidelines 2016 and amendments thereafter.

**Why Choose us**

- NEET is a Startup Company
- NEET uses latest Technology for the Disposal of waste adhering to all CPCB guidelines
- Strong support and Maintinance team.
- Carbon generation is reduced with Induction Technologies.

**WASTE IS ENERGY , WE  
CONVERT IT FOR REUSE**

## OUR TURN KEY SERVICES

- Complete Turn Key Projects for Waste Disposals
- Biomedical Waste
- Nuclear, Waste
- Pharmaceutical Waste,
- Radio Active Waste
- Municipal Solid Waste,
- Hazardous Waste,
- Animal carcass,
- Crematorium
- Common Effluent Treatment Plant (CETP)
- Sewerage Treatment Plant (STP)
- Air Pollution Control Device (APCD).
- TSDF

## Models For Biomedical Waste

NEETBMW50 :

50kg/hr disposal of BMW

NEETBMW100:

100kg/hr disposal of BMW

NEETBMW150 :

150kg/hr disposal of BMW

NEETBMW200:

200kg/hr Disposal of BMW

NEETBMW300 : 300kg/hr

Disposal of BMW

NEETBMW500:

500kg/hr Disposal of BMW

NEETBMWMOBILE50:

50Kg/hr Disposal of BMW  
on Mobile system

### KEY FEATURES

Online Monitoring Instruments are installed as per CPCB guidelines on all Models of Biomedical Waste Disposal systems,

2Secs resident time in secondary chamber., APCD designed to control Dioxins and furans as per permissible limits. 30Mtrs Chimney. Monitoring Software with VTS .

## Quality and Support

High Standards are maintained while selecting Raw Material and the Instrumentation which ensures Excellent quality of disposal systems, A team of 50+ staff including 8 highly qualified engineers supports the client in maintenances of the systems.

## Other Products

- **Diesel/Gas Fired Incinerators** : NEET Specialises in manufacturing of Diesel and Gas Fired Incinerators as per the requirement of the client ranging from 5kg/hr to 5000kgs/hr . Some of the uses are in :
  - Municipal Solid Waste
  - Biomedical Waste
  - Nuclear Waste
  - Pharmaceutical Waste
  - Radio Active Waste
  - Hazardous Waste, Liquid Hazardous Waste
  - Animal Carcass
  - Crematorium.

- **Air Pollution Control Device APCD:** All types of Airpollution control devices as per capacity requirement/application /uses.
- **Effluent Treatment Plant ETP :** ETP range from 1KLD to 500 KLD for different applications including Biomedical and chemical Industries
- **Sewerage Treatment Plant (STP) :** STP range from 10KLD to 1000KLD .
- **Autoclave :** Both Horizontal and Verticle Autoclaves as per the requirements at various Temperatures and Pressure s per Batch Processing.
- **Shredder :** Shredder for Plastic and Glass ranging from 20kgs/hr to 500kgs/hr

## Contact Details

Mobile : +91 9713151080, +918779418639

Email : neetpl@icloud.com

## Plant Address

North East Enviro Tech Private Ltd.  
Plot Number 531  
GIDC , Vatva Phase 2 , Opp. Vatva Railway Station  
Ahmedabad (Gujrat) 382445

## Registered Office Address

North East Enviro Tech Private Ltd.  
Senapati Boulevard, Sree Nagar  
R.G. Baruah Road,  
Guwahati, Kamrup,  
Assam 781005
